## NOTICE

Notice is hereby given that a petition has been filed in the Christian County Court, asking that a public road, 30 feet wide and — miles in length, be opened in the vicinity of Haley's Mill, beginning at a point in the Crofton and Kirkmansville road, at the southwest corner of Popular Grove School lot, and passing over a lane to elbow in said lane, thence in a slightly northwest direction, over the land of John Davis to the property of W. A. Brinkley, thence over the land of said Brinkley to the Crofton and Kirkmansville road, at Haley's Mill. The court will on Friday, September, the 1st, take some action in the matter.

This 14th day of August, 1916.  
J. H. DILLMAN,  
Road Engineer.

### First Hospital Train.

Chicago, Aug. 15.—The first hospital train to be built for the United States Government has been completed by a Chicago car building concern and will leave here today for San Antonio, Tex.

The train, which consists of ten coaches, has been built especially for army hospital work, and is said to be as modern in equipment as the hospital trains now in use in Europe. It has a service or combination surgical car, which is in itself a thoroughly equipped operating room, six cars for patients, one standard Pullman, a combination baggage and library car and a kitchen.

### Hot Weather Blamed.

In connection with the July milk analysis of the Louisville City Health Department, explanation is given of the causes that brought about numerous ice cream poisoning cases. The blame is placed on failure to pasteurize, which is not compulsory, and to keep milk cool while shipping, as warm milk shows a rapid increase in the bacterial count.

## CANNING CLUBS HARD AT WORK

**Making Many Articles; Display at Fair Will be Feature.**

The Girls' Canning Clubs in the county are now meeting regularly and doing excellent work under the supervision of Mrs. Eloise Nelson Graves, who is county agent for canning clubs. The girls are all busy and the fine crops of tomatoes and other vegetables which they use for canning, are making it possible for an unusually good amount of work to be done by them this year.

The girls are doing canning and putting their canned goods in tins for sale. Forbes Manufacturing Company has agreed to sell the goods made by the canning clubs in its hardware department without profit, but allowing all the money received from the sale of the canned articles to go back to the clubs. Over forty girls are engaged in this work.

All the girls are looking especially to the fair to display their canned goods. The generous rewards offered for the best work will tempt many of the girls to display their best products. Most of the girls have provided themselves with canners or hot water stoves and are working under sanitary conditions. In making the goods they wear white caps and aprons. The girls are anxious that the people of the county try their canned goods and see for themselves how well they are succeeding.

### Getting Good Alfalfa Stand.

I have best success with alfalfa by sowing about the middle of August or a little later on well-prepared land and using about ten pounds of clean seed to the acre, writes G. A. Borlesch, of Missouri, in Farm and Home. I sow it with a hand seeder. So as not to lose a crop I plow wheat or oats grounds as soon as the crop is off, plowing it ten to twelve inches deep. I then level it with a harrow and drag and if grass or weeds come up I cultivate the ground and kill them. I make the seedbed loose on top by harrowing just before sowing alfalfa will grow on any land that will grow good red clover.

I have sown one way and cross sown the other way, using five pounds each time, and got a good stand. After the seed was sown I double harrowed and I never failed to get a good stand. I generally have a good pasture in the fall and if weeds come up I harrow or pull them out. My young crops never have failed to stand the winter.

### The Winchester Opening.

It has been definitely decided that Vice President Thos. R. Marshall and Congressman Thos. F. Heflin, of Alabama, will be the principal speakers at the Winchester opening of the Democratic campaign on September 9. It is also probable that Hon. Scott Ferris, of Oklahoma, will address the crowd that is expected from all parts of the State. All are orators of the renown and will interest, educate and electrify. The people of Winchester and Clark county are working day and night to make the opening the greatest in the history of the state and they are of the character that know no such word as fail. With the flow of oratory, the feast of barbecued meats, burgoo and other eatables, all who attend are insured that they will feel that it is good to be there. Everybody is invited and expected.

### Camp Meeting at Marion.

Marion, Ky., Aug. 14.—The annual camp meeting is in progress this week on the Piney Fork camp grounds. A large crowd attended yesterday. The Rev. O. D. Spence, a Cumberland Presbyterian minister of Missouri, is in charge of the meetings, assisted in the work by a number of local preachers.

## "TIS MY TIN ELIZABETH"

**Clouds of Mystery Dispelled  
After Sleuths Find  
Clew.**

"It is my Ford!" exclaimed a happy man's voice across the wires from Louisville, to Chief of Police Ellis Roper yesterday morning. The chief couldn't catch the man's name, but he gave a minute description of the car found Monday.

The story is full of mystery. Monday a woman on Seventh street saw three or four men drive up to the pavement near the intersection of Campbell and Seventh streets and leave a Ford touring car. They haven't come back for it yet and the Ford remained lonesome where they had left it until some one telephoned night Chief Hawkins and policemen went after it.

A bridge ticket from Louisville gave the police force sleuths a clew. They telephoned to Louisville Tuesday night and the police there gave notice of the discovered car. Yesterday morning the clouds of mystery seemed to be cleared up by the telephone message. The man at the other end told the chief that he would catch the first train for Hopkinsville to identify the car.

### Dillman-Snead.

Mr. Dennis Dillman and Miss Tina Snead, both of Hopkinsville, went to Elkton Tuesday afternoon and were married. They went to Elkton for the nuptials in order to escape the formalities of a wedding at home. They returned here to reside and will board with the bride's parents, Mr. and Mrs. J. H. Snead, on East Seventh street.

The bride is an attractive young lady with many friends. Mr. Dillman is a son of W. B. Dillman. He is in the employ of the Southern Express Company and is a promising young man.

### No Speaking Tour, For Him.

Vance C. McCormick, chairman of the Democratic National Committee, announces, following a conference with President Wilson, that the President will not make a speaking tour, but probably will accept invitations to speak at various places. He will be formally notified of his nomination September 2 at Long Branch, N. J. The notification speech will be made by Senator James, of Kentucky.

### Little Opposition.

The House approved by a vote of 283 to 51 the Senate building programme including provision for eight capital ships next year. Seven Representatives voted "present." The House also concurred by a viva voce vote in the Senate amendment increasing the navy's personnel to 74,400.

### Will Ship Stocks.

Wallace Bryant, who bought the two grocery stocks of R. C. Hopson ten days ago, has decided not to go into business here. He will ship the stocks to another town, probably Clarksville, and offer them for sale.

### Graves Sets Pace.

Eleven high schools have been established in Graves county, which is leading the State in this regard.

Misses Linda and Anna McDaniel, of Louisville, are visiting relatives in

## WHAT COUNTS

**Annual Poem Ferrell Boys Reunion 1916**

We meet again,  
Hand-clasp and kindling eye,  
Lips wreathed in welcome's winning smile;  
The quickened tread, and instant interchange of quip and jest  
Attest our heartfelt joy.

A year has passed,  
Swift whirl of cycling time  
Records another finished stage!  
A ripened ear but supercedes the tender shoot, to mark  
Relentless nature's law.

A scant twelve month,  
Abbreviated space!  
To us a mere four seasons gone.  
Replete with small and banal unrecorded happenings,  
With trifles light as air.

We've danced and sung!  
We've reveled through the night,  
And hailed the dawn with ribald jest,  
Or we have watched by beds of pain, and sped the parting soul  
With prayer, and au revoir.

We've bought and sold  
In commerce busy mart.  
Plowed, sowed and harvested the fruits,  
Or droned and slept, awaked and eaten, droned and slept again,—  
Life's uneventful round.

Beyond the sea,  
What has a twelve month wrought?  
What promise holds it follower?  
What, measured by its toll in grief and pain and blood and death,  
Has been its fateful tale?

Ah! ages long  
A vast eternity—  
Made longer yet by rankling wound,  
By wolfish hunger's mad'ning pangs, snarling from trench to trench;  
Where carnage reigns supreme!

By widows' tears,  
By mothers' hopeless moans,  
By orphans' reft of parent prop—  
Flung headlong, naked, hungry, helpless on a brutal world  
With wonder-staring eyes.

By wreck of realms,  
Of nations and of courts—  
Of institutions in a day,  
That ripe and hoary centuries with labored plodding care and zeal  
Built to astound a world.

Ere guns are mute,  
And through the stifling smoke  
Shall filter first the rays of peace,  
How blackened, piteous, how desolate the ruined waste  
They're liked to fall upon!

We're yet in school,  
Each day its lesson brings,  
Thus will it be while life shall last  
But when life's school shall close and comes the real commencement day  
These truths we'll recognize.

Preferment, Wealth,  
Valor's glit'ring badge—  
The Victor's crown of fame,  
Bedecked as fit with jeweled hili of murr'ous sword withal,  
Crimsoned with gory stain.

Will count for naught,  
But bubbles vapor-stuffed;  
Naught else mundane will signify,  
A feather's weight, save universal brotherhood of man!  
Live with that hour in view.

Love brings you here.  
That love should rule the world.  
Plans divine for human betterment  
Make that the basic principle, the keystone of the arch,  
The world's redeeming force.

GEORGE EDWARD GARY.

Hopkinsville, August 11th, 1916.
